Elise Culver - Customer Service Manager

"Where we work, whether we're in our office or at home, doesn't change how we work."
Elise Culver
Hercules Customer Service Manager

Hercules

The Covid-19 coronavirus is becoming the accelerator for one of the greatest workplace transformations of our lifetime.

Social-distancing measures and government-mandated stay-in-place orders have led Hercules to moving our customer service workforce to working from home.

While fundamentally changing the way we work, Hercules is well positioned in the adoption of new technologies and automation within our customer service department. Beyond a better experience for customers and our employees alike, this ensures a greater agility and improved response times.

Our responsiveness to our customers is still second to none in the industry! We appreciate your business every day!
